## Education

**Full Stack Web Development**
Masai School
July 2024-present

**Civil Engineering**
Bal Krishna Institue Of Technology
May 2015 - April 2019

## Technical Skills

Express.js  JavaScript

RESTful APIs  React  Node.js

HTML5  HTML  MongoDB

## Soft Skills

Teamwork  Adaptability

Time Management

Problem Solving

## Certifications

**Masai Speaking Marathon** 🔗
*Masai School*
Developed impactful communication skills through immersive speaking sessions, fostering confidence, and clarity.

# Deepesh Nama
**Full Stack Web Developer**

## Professional Summary

Resourceful Full Stack Web Developer with proficiency in JavaScript and MERN stack, adept at designing efficient APIs with Node.js and Express.js. Skilled in translating complex project requirements into cohesive web applications. Embraces Generative AI for rapid tech adoption and continuous learning.

## Experience

| Family Business | Sales and Marketing Assistant | June 2022 – April 2023 |
|---|---|---|

- Supported marketing strategies by promoting products locally and through social media, which aligns with the web development role's emphasis on frontend technologies and creating appealing interfaces.
- Assisted in managing daily business operations, ensuring efficient collaboration and communication skills that can translate into effective teamwork in a software development environment.

## Projects

**Pronutrition**   Live Demo Link   Github Repo Link

Node.js  Express.js  MongoDB  HTML5  CSS3

React

- Developed backend system using Node.js, Express.js, and MongoDB to calculate caloric intake and nutritional values.
- Designed and deployed RESTful APIs to manage user inputs and database operations.
- Collaborated with frontend team using React, HTML, and CSS for seamless integration and user-friendly experience.

**LetsChat-**   Live Demo Link   Github Repo Link

JavaScript  Node.js  Express.js  MongoDB

RESTful APIs  HTML5  CSS3  React  Git

Responsive Web Design

- Developed and maintained backend logic using Node.js, Express.js, and MongoDB, ensuring efficient and reliable server-side operations.
- Created secure RESTful APIs for authentication, messaging, and chatroom management, implementing JWT-based security measures.
- Integrated Socket.io for real-time communication, providing instant message updates and live user status tracking.
- Collaborated with front-end developers to ensure seamless integration of APIs and enhance the overall user experience.
